SUBJECT: Utility Monthly Senior Discount vs. One-Time Rebate
PRESENTED FOR: Decision: Information:
PRESENTERS: Derrick Brown, Assistant City Manager, Utility Administration
Mary Ann Petty, Director, Administrative Services

History/Facts and Issues:

Request a one-time bill credit of \$125 for eligible senior citizens on their February's utility bill.

A program was developed with an application for a monthly utility senior discount based on income eligibility per the current Federal Poverty Guidelines (200%). Since the recent fall retreat, a cost comparison was completed to show the impact of a one-time rebate (credit) for income-eligible seniors. Additionally, MEAG participants were surveyed re: providing a monthly senior discount and/or rebate (credit).

Recommended Action:

Adopt authorizing resolution to include a budget amendment.

Fiscal Impact/Funding Source:

\$346,700/Light Fund
