Notes:

1. This proposal is based upon installing 300 feet of 8" ductile iron sanitary sewer main with service connections on 2nd Avenue between Eager Avenue and Baldwin Drive and a manhole and service connection on Baldwin Drive.
2. The proposed excludes the replacement of pavement markings and traffic signal loops.

3. This proposal excludes the removal and/or replacement of unsuitable soils.
4. This proposal excludes resurfacing existing asphalt outside of excavated trench.

We appreciate the opportunity to submit this proposal. If you need further information please give me a call.

With Regards,
